

## Scottish Karting

Nothing has really happened in Scottish karting since the last report in November 2022. As stated previously three clubs (North of Scotland, Grampian and East of Scotland) have committed to running only Motorsport UK permitted events and the West of Scotland are still sorting out their program. All licenced officials have also committed to only officiating at permitted events.

The next Kart Committee is scheduled in person on 16<sup>th</sup> March in person at Bicester.
